Age Restriction

Booth Approval

All exhibitors with a custom booth 10'x20' (200 sq ft) and larger, who are planning to build out their space, are **required to submit the following**: a rendering of their build with all dimensions, technical plans to include elevations (indicating maximum height of the build) and all materials used (+flame retardant certificates) to [show management](#) for approval by **Wednesday, September 18**.

This is a mandatory requirement and plans not received before move-in will not be allowed to start construction until Show Management has assessed these documents. This may lead to delays in your booth being built and restrictions on elements of your booth that are not approved to be in accordance with the show rules & regulations.

Booth Height and Line of Sight

- 10'x20' inline booths have a maximum back wall height limitation of **8 feet high**.
- Booths that are 400 sq feet (20'x20') or larger and have aisles on all four sides (island booths) are permitted to a max height restriction of **18 feet high**, measuring from the floor to the top of the booth structure or hanging sign.
- If your booth does not meet these height requirements, you must submit a rendering of your booth, with dimensions to [show management](#) for approval by **Wednesday, September 18**.
- All booth displays and businesses must be conducted within your booth space and arranged in such a manner so as to not obstruct sight lines of neighboring exhibitors.
- Displays shall not block or obstruct the view of a neighboring exhibitor. If such protocol is not adhered to, HLTH has the right to remove the item in question unless pre-approved prior.

Code of Conduct

Please review [HLTH's Code of Conduct](#).

Donation Program

As part of the Green Meetings initiative, The Venetian Expo manages an extensive donation program that supports a number of charitable organizations. Exhibitors have the opportunity to impact the local community via unused event materials that are eligible for donation. Please email lv_sustainability@venetianlasvegas.com if interested in donating leftover booth inventory (i.e, samples, furniture, etc.). More information can be found in The Venetian [exhibitor success guide](#).

Dress Code

Exhibitor Appointed Contractor (EAC)

To download the EAC form and view the EAC and COI requirements please refer to the exhibitor kit.

This is a mandatory security requirement to permit EACs access to your booth during move-in and move-out. EACs who arrive onsite and have not been registered will be required to provide this information including their Certificate of Insurance (COI) before they are permitted access. This may lead to delays in your booth being built or access refused if they cannot produce the documents required.

Exhibitor Booth Floor Covering

Exhibitors are responsible for providing or arranging their own carpeting/floor covering in the booth area, unless included in the Turnkey booth packages, Club Startup kiosks, or Pavilion kiosks.
